PINK CEREUS – *The Heart of Gold*

Originally sculpted of an iron thread, the heart-shaped pendant designed as a wedding anniversary gift is called Pink Cereus. It is a suitable gift for a loved one, a memory for dear friend or a sign of appreciation to a loyal employee.

The Pink Cereus pendant is designed and produced in Finland. Whether you choose gold, white gold or silver as your desired material, every pendant is individually handcrafted and thus special and unique.

SYLVA

Of all sold pendants, 10% of the income is donated to Sylva Ry, an organization which aims to support children and young suffering from cancer, as well as their close circle.

Olemme sydämen asialla.
